On March 21, 2023, the Court held a status conference in the above-captioned matters to discuss the issues raised in Plaintiff's recent motions for status conference. As discussed during the conference, Class Counsel and counsel for the objecting class members are ordered to meet and confer and file a Joint Status Report **by no later than April 4, 2023**, setting forth a proposal for further proceedings on remand with respect to Class Counsel's motion for approval of their attorney's fee request.
